Intelligence Community Staff

6 December 1983

MEMORANDUM FOR: Distribution

FROM:

Chief, Community Counterintelligence Staff

25X1

SUBJECT: Intelligence Community Multidisciplinary
Threat Analysis Efforts

1. In response to a request from the Senate Select Committee for Intelligence (SSCI), the Director of Central Intelligence (DCI) submitted to the SSCI an in-depth report on how best to meet the needs of the U.S. Government for multidisciplinary counterintelligence (MDCI) analysis. Copies of the report, entitled "Intelligence Community Multidisciplinary Analysis Efforts," are attached herewith for your information and disposition. Additional copies are available upon request.

25X1

2. The report was prepared by the Community Counterintelligence Staff, Intelligence Community Staff, based upon input from Intelligence Community agencies. It is a companion piece to the report of an Advisory Commission appointed by the DCI, also at the request of the SSCI. The Commission was to develop a clear and coherent definition of "MDCI" analysis requirements and frame practical recommendations for meeting those requirements. The Commission report was submitted to the DCI on 8 November 1983.

25X1

3. The DCI has forwarded each report to the SSCI and is presently deliberating on courses of action to further enhance both the hostile intelligence threat and deception analysis efforts.
